

2025 Fremont Street Experience - Filming Application

Welcome to the Fremont Street Experience. Our Filming Department is here to assist with your filming needs. To ensure a smooth process, submit your permit application at least 10 business days before your project to avoid delays and late fees. While we will do our best, we cannot guarantee filming approval. You must also complete the City of Las Vegas permitting process. Filming fees apply, so please be prepared to discuss payment prior to your shoot.

Once we receive your application, we will provide a detailed quote covering all included elements. Once the quote is approved by both parties, we will issue a Location Agreement, collect payment, and provide your filming permit.

Insurance Requirements

List Fremont Street Experience LLC (425 Fremont Street, Las Vegas, NV 89101) as an "additional insured" on a \$1,000,000 Comprehensive General Liability policy.

For full details, refer to the **Fremont Street - Filming Fact Sheet**. We look forward to working with you!
